

Update 12.29.2020

Arsulowicz Mechanical provides services and operations and employs critical infrastructure workers that continues in-person operations, subject to the following conditions:

- a. The customer has an emergency plumbing and mechanical need that require immediate attention for the safety of the customer.
- b. The customer has a public safety and public works related job that requires immediate attention, such as gas main work, commercial plumbing related concerns

Arsulowicz Mechanical uses suppliers such as Ferguson Enterprises, ETNA distribution and other various supplies for the necessary materials to complete critical jobs.

Arsulowicz Mechanical operations is maintaining social distancing practices and other mitigation measures to protect workers and patrons. Those practices and measures include, but are not limited to:

1. **Regular Employee Monitoring:** If the employee doesn't have a temperature or symptoms and continue to self-monitor under the supervision of their employer, they are able to perform work.
2. **Restricting the Number of Employees:** Limiting employees on job site premises to no more than is strictly necessary to perform and complete the jobs operations critical infrastructure functions.
3. **Social Distance:** The employee should maintain 6 feet and practice social distancing as work duties permit in the workplace. Masks will be worn at all time if social distancing is unattainable due to the nature of the work being performed.
4. **Sanitation and Cleaning:** Increasing standards of work area cleaning and disinfection to limit employee and customer exposure routinely, including washing hands upon arrival and departure of a job site, disinfecting all areas of job site often throughout the day and wearing gloves and masks as needed (disposing of them when leaving the job site)
5. **Adopting policies:** to prevent workers from entering the premises if they display respiratory symptoms or have had contact with a person who is known or suspected to have COVID-19 within the past 10 days.
